Subject: Proposed Amendments to part 2635

Date: Monday, October 03, 2011 12:33:51 PM

Absolutely you should amend this bill and prohibit any gifts and free admission to events from lobbyists to Federal Government workers. We certainly would not accept such gifts as local government workers, why should the federal workers be different?? It casts us ALL in a poor light and encourages special interests and partisan politics.

"All submissions must include OGE's agency name and the Regulation Identifier Number (RIN), 3209-AA04, for this proposed rulemaking."
