

FACT SHEET

FBI Ethics Pocket Guide

DESCRIPTION

The Ethics pocket guide is a FBI collaboration between FBI graphics designers, the FBI DDAEO, FBI ethics Attorneys and our printing contract personnel to develop a comprehensive and concise reference guide for employees with ethics questions. This high-gloss 56-page guide is a polished product that has been distributed to all 34,000 FBI employees.

PURPOSE

To provide a handy, useful reference source to educate individual FBI employees about ethics considerations.

PRODUCT ADAPTABILITY

Very transferable. The product can be provided in "graphic" format so another Federal agency can customize the Guide for their agency.
