

FACT SHEET

FDOonline at USDA

DESCRIPTION

FDOonline is an electronic filing and review system for OGE forms 278 and 450.

PURPOSE

To improve the efficiency and quality of the financial disclosure reports filed at the Department of Agriculture, while at the same time allowing increased teleworking, improved security and lowered consumption of paper.

PRODUCT ADAPTABILITY

Other Agencies could also use FDOonline or a similar product to automate their financial disclosure reporting.
