Subject: Proposed Amendments to Part 2635

Date: Tuesday, September 27, 2011 3:54:53 PM

To The Office of Government Ethics,

I am writing to express my support for the new amendments to 5 CFR 2635 (RIN 3209-AA04), namely the limiting of gifts from lobbyists to Federal employees. Government has become entirely "pay-to-play," and this is disheartening for young people like me. We feel that Republicans and Democrats are equally beholden to special interests and large corporations. Very quickly, the people are being made to feel that the entire system is broken/corrupt. This is a dangerous state of affairs and, unless these amendments (as well as other measures), are taken to reverse the disenfranchisement of the American people, we will face a violent revolution undertaken by those who cannot even articulate the cause of their dissatisfaction, yet know one thing for certain: they have no ownership of the system they are destroying.

Sincerely,
